TESTIMONY BEFORE WOMAN OF COUNTY

Hearings in the Matter of Vacating Certain Highways in County Held Before the Commissioner Appointed By the Court

HEARINGS HELD TUESDAY

Case of Three Roads Where There Is Opposition to the Proposal of the Commissioners—Other Cases Where There Is No Opposition Reverting

In the matter of the proposal of the county commissioners to turn back to the townships, certain roads, heretofore approved by grand juries for improvement, testimony is being taken before Mrs. Charlotte M. Hughes, appointed commissioner to take testimony.

Hearings were held before the commissioner Tuesday in the cases of three roads where there is opposition to the proposal of the commissioners.

In other cases, where there was no opposition to the roads being turned back, the hearing was brief. Two other roads, where the petition is opposed, were considered yesterday.

Some others have been carried over to next week.

On account of the illness of County Engineer George S. Chaney the testimony will not be closed until he is able to be called.

After the testimony is all in it will be transcribed submitted to the court, arguments heard before the court, and following that the court will hand down a general opinion covering the entire matter.

George Warrick of Slovan, has filed an injunction suit against John Cindric and John Dobogovich, also of Slovan, plaintiff and defendants being partners in a firm known as the Slovan Supply company. Warrick seeks to have the partnership dissolved, a receiver appointed, an accounting taken of the firm's business and the defendants enjoined from collecting any debts of the firm or taking or disposing of any property of the firm. The court has set Saturday, March 29, at 10 o'clock as a time for a hearing.

AL JENNINGS MAKES GRAVE CHARGES

Washington, March 27—(United Press)—Al Jennings, ex-bandit and politician, charged before the Federal Oil Committee that the late Jake Hammon gave up \$1,000,000 to elect President Harding in turn for Secretaryship of Interior. Jennings also charged that \$250,000 was paid to the late Boise Penrose, Republican Senator from Pennsylvania in the same deal.

Jennings said he believed there were certain big oil men included with Harry F. Sinclair.

Jennings said he got the information from Hammon himself. He and Hammon were intimate friends.

Hammon told him before the convention, Harding was to be nominated and "would be the biggest man in the United States."

The deal was finally concluded in

BOY TAKES DARE SINKS TO DOOM IN PUDDLE OF WATER

Tarentum, March 27—(United Press)—George Kuchta, 5, was drowned in a muddy ditch near his home at Glassmere last night when he took a dare from some playmates and jumped into a "puddle of water."

The boy submerged nearly to his waist in the water, then slowly sank into the mire while his companions looked on hopelessly to save him.

FORD KNOWS CHARLES MOOREHEAD, MESSENGER

J. A. Ford, local agent of the American Express Company, has a personal acquaintance with Charles Moorehead, the American Express Company messenger, who "tipped" the Pittsburgh police relative to the contemplated railroad train holdup.

Moorehead, who lives in Pittsburgh, is about 26 years old, passes through Charleroi on his "run."

Suspects Under Surveillance Arrested Lately In Connection With the \$56,000 Holdup In Uniontown—Released Twice Lack of Evidence

Monongahela, March 27.—(United Press).—Three men suspected of being implicated in an attempt to steal the \$400,000 payroll of the Clairton works of the Carnegie Steel company from a train near West Homestead, were under surveillance here today, S. S. Burnworth, Chief of Police, announced.

The three men, according to Burnworth, were arrested as bandit suspects in connection with

Gallon Of Booze Is Found In A Pool Room

Chief of Police S. S. Burnworth and other officers Tuesday evening at Monongahela raided the pool room in the basement of the Hotel Main, which for some time had been under suspicion, and after a short search found one gallon of moonshine whiskey.

The contraband was found in several containers hid in various places about the pool hall. Mike Rosalie, proprietor of the place, and Sidney Price, lunch counter attendant, were placed under arrest.

They were taken before Mayor Billick later when a charge of conducting a tippling house was preferred against them. Both men pleaded guilty and were fined \$100 and the costs. Phillip Monte, the other proprietor, was absent at the time the officers raided the pool room, but a warrant was later issued for him and his arrest followed yesterday. He also pleaded guilty when he appeared before the mayor and was fined \$100 and costs.

MAN HUNT IS STILL IN PROGRESS

Pittsburgh, March 27.—(United Press).—A man hunt for the five desperadoes, who attempted to steal a \$400,000 payroll from a Pennsylvania railroad train at West Homestead, was underway today in the mountain regions near Pittsburgh.

Authorities of every town and hamlet have been asked to aid in the search for the bandits. Orders to "shoot to kill" if the men resist arrest have been issued.

Authorities believe six criminals, who would not hesitate to take human life, were involved in the daring plot to rob the train.

One bandit, identified as Louis Bianco, 28, was captured after the attempted hold-up was frustrated.

Bianco has refused to give the authorities any information that would lead to the arrest of his "pals," maintaining that he is not a "squealer."

Warning of the contemplated hold-up was given to the police here by Charles Morehouse, a messenger for American Express company, according to the police.

The bandits, police say, approached Morehouse and tried to enlist his aid in the robbery. The messenger agreed to help the robbers, and then reported the entire occurrence to his employers.

The messenger was to put a chalk mark on the car carrying the money. As he was to act as guard for the payroll he agreed to offer no resistance when the bandits held up the train.

Superintendent Brophy, Pittsburgh police department, Chief Braun, and West Homestead officers, gathered up 40 of the best marksmen and prepared to capture the bandits.

Detectives were posted at vantage points along the railroad tracks near West Homestead, and several officers were detailed to ride the train.

Authorities believe, however, that (Continued on Page Two)

JAPANESE FARCE WELL PRESENTED

The playlet, "Alice Through the Postal Card," a Japanese farce which was presented by the members of the King's Messengers class of the Washington Avenue Presbyterian Church Tuesday evening was successfully presented. Mrs. M. D. Thornberg, the teacher of the class, had been the teacher of the pretty performance.

There were 18 children performers who wore attractive Japanese clothing in the midst of a Japanese scene. Miss Clara Wessel officiated at the piano. The play came as a supplement to a series of lessons on Japan this year and before an audience of approximately 125 in the Sunday School room of the church and the play was exceedingly smooth-running, evidencing many long rehearsals.

Both Mrs. Thornberg and the children are to be commended on their success.

The King's Messengers meet every last Saturday of month in the Sunday school room, the members ranging in age from 6 to 14 years.

ANDY SHORT \$300 IN A SOAP DEAL

Latrobe, March 27.—(United Press).—Andy Kralick today reported to the police that he had been swindled out of \$300 by three men who sold him 10 shares in a Soap factory.

Kralick said the men came to him with sample cakes of soap and convinced him that they were going to build a factory to manufacture it.

Local Men Are Lucky In The Ballot Placing

Drawing of lots to determine position of candidates on the ballots for the April 22 primary was completed before Secretary of the Commonwealth Clyde L. King in the hall of the House of Representatives Tuesday, and inside of a week it is expected commissioners of each county will receive the certified copies for printing of the ballots. Final preparations for the primary were begun an hour after the legislative drawings for Philadelphia were finished, ending the biennial ceremony. It will be noted that Charles S. Van Voorhis drew first place, a big advantage, and James T. Heffran, the last place, a desired advantage for him, also.

Two Meetings Friday On Fruits And Potatoes--Held In Two Places

Many fruit and potato growers of the county are expected to attend the two meetings on Friday, the first at 1:30 o'clock in the rooms of the Washington Chamber of Commerce and the second in the evening at 8 o'clock in the borough building at Canonsburg which will be addressed by specialists from Pennsylvania State college.

These meetings have been arranged by the Agricultural Extension association, which is co-operating with some of the leading fruit growers of this section. Speakers have been secured through the Agricultural Extension Department of Pennsylvania State college and include Paul Thayer, fruit specialist, whose work relates to the cultural side of the industry and H. E. Hodgkiss and E. L. Nixon, insect and disease specialists respectively.

Mr. Nixon has made a special study of diseases relating to potato production in the state and the industry has made rapid strides in its development largely due to his efforts during the last five years.

Coming at a season when growers are outlining their work for the year these meetings afford an exceptional opportunity to learn the latest developments in these fields. It is planned to make the meetings as far as possible a round table discussion so that each one attending can bring up problems and questions.

An effort will be made to effect an organization of fruit and potato growers. Such an organization it is felt will be of great benefit to the industry in an educational as well as other ways.

THE FUNFEST DRAWS BIG CROWD OF BOYS

SCORNED LOVER MURDERED MRS. WALTER BAUER

New York, March 27.—(United Press).—That a scorned admirer murdered pretty Mrs. Walter Bauer, 35 years old mother of two children, as she stepped out of her car on Staten Island, after her automobile became stalled was the theory police followed today as they continued work on the murder mystery.

No one saw the face of the fiend who shot, cut and beat his victim while her mother and two little girls waited patiently in their car for Mrs. Bauer's return. The police continued on a search for the Ford sedan, checking up every car of that kind on Staten Island.

Children in the vicinity at the time of the crime saw a man in brown hat and overcoat, believed to be the murderer.

GAMES RUN IN RELAYS

Winners Compelled to Open Prizes In the Middle of Floor At High School Gym. Sing, Play or Talk of His Victory—Scoutmaster Given a Gift

Last night at the Charleroi High School Gym, the Boy Scouts funfest was a "howling" success, one hundred and fifty boys being present, representing every troop of the town, and North Charleroi.

The program opened at 8 o'clock and continued until 10:30. Something doing every minute.

The games had to be run in relays on account of the large attendance, all the boys showing great interest in them.

Hiram S. Hall, Scout Executive, appeared on the scene at 8 o'clock and conducted the program until the close. Mr. Hall is an able leader, and as much admired by the boys. Prizes were of a comical nature; every contestant was compelled to open his prize in the middle of the floor and was to either play, sing, or talk, with his victory.

Troop No. 1 presented their Assistant Scoutmaster Shepard with a beautiful gift, in appreciation of his faithful services to them. After receiving the gift Mr. Shepard gave an interesting 10-minute talk to the boys.

April will be devoted to a series of demonstrations, preformed by the different troops, for the benefit of the public. If you have not been interested before, just visit these demonstrations and get an idea of what the Boy Scouts mean to a community. Watch the dates in this paper.

A GREATER CHARLEROI.

All fair-minded and reputable citizens of the borough and of the community, can but give countenance to the effort being put forth by the members of the Chamber of Commerce, assisted by public-spirited men of the borough, in promoting a well-launched movement for a Greater Charleroi.

To achieve the goal proposed in the meeting of Wednesday afternoon, demands not only the interest of, but the personal assistance by word and deed of every citizen of Charleroi.

who put community welfare above personal or private interests. While the Chamber of Commerce is promoting and sponsoring the movement for homes for the people—those who live here and those who want to come; those who have houses and apartments, only to have notices served on them to vacate, through sale, for the most part, the Chamber, as a collective body, will doubtless welcome the cooperation of the public in any way in which it can be given.

It is to be hoped that the option will conclude in a sale of realty, and that in this spring and forthcoming summer and fall season that many houses may be erected to supply the insistent demand that is being made for them. Not alone will the building of homes prove advantageous in giving employment to hundreds of men, when erected, the colony, once occupied, will greatly increase the population of Charleroi, and thus will enhance her interests from business, educational, industrial, social and professional standpoints. The more people we have—the greater the growth of the borough, the greater will be property values and the greater will be the kindred interests of the borough from any and every standpoint.

We need 1000 homes. The statement cannot be gainsayed, and with impetus for them under way, keep the ball of progress rolling until the desired end is achieved.

WIFE HUNTING IN LEAP YEAR.

The Mayor of Atlanta City, N. J., has announced the receipt of a letter from a man in far Nebraska asking to be aided in procuring a wife. "If you will give me in return with some nice ladies I will appreciate your effort," the Nebraskan wrote. "For I want to find a good wife. She must be a good cook and housekeeper. As this is leap year, any lady in need of a good home and companion can take advantage of this offer." Obviously he does not mean that he will accommodate all who may apply, but his name and address being published, he would doubtless have a number of leap year offers from which to make his selection.

It is easy to understand why he goes so far in his search for a helpmate, for there is romantic appeal in the distant and unknown when a man stubbornly asserts from his own known house across the way—an appeal likely also to stir his leap-year correspondents, particularly the more youthful ones. The surprising feature of the proposition is his choice of Atlantic City as a favored pastorage of good wives who are also good cooks and housekeepers. Of course it is possible to find these qualifications even there, but the general impression is that a very considerable percentage of the one-piece bathing suit ladies foregather there to find not spin preferring a merry road through life to an existence attended with prosaic tasks.

"Price Class"

the mysterious stranger in the motor industry

Does a difference in price indicate a difference in quality? Why is one car priced 25% to 50% higher than another of the same quality? The 4 questions that a buyer should ask when considering any car.

HERE are facts based on world's engineering authority. If you have any intention of buying an automobile, you are urged to read them.

No "Price Class"

There are only two kinds of automobiles today. Economically produced cars which give you more for your money. And cars which are not, and give you less.

Price does not indicate intrinsic worth. But an individual maker's cost of production.

Hence two cars may show a price difference of \$400 to \$1,200 and more. And be of the same quality.

The difference in price simply shows that it cost one maker more to make this car than the other. Judging value on price, this is folly. Price class is a myth.

Where the Difference Comes in

Studebaker, producing 150,000 cars yearly, has reduced engineering cost to \$3.33 per car.

This is based on a total engineering cost of \$500,000 a year, which is the least on which any manufacturer can maintain an efficient engineering department.

Thus a manufacturer producing but 20,000 cars a year must add \$25 per car for engineering, or eight times as much as Studebaker.

Other fixed overheads have been reduced proportionately. And these influence Studebaker prices.

A set of body dies costs \$100,000. It will produce many thousand sets of body stampings, each one as perfect as though there were only a dozen made.

By building 50,000 bodies from a single set of dies, Studebaker reduces the die cost per body to only \$2.00.

LIGHT - SIX

Touring			\$1045
Roadster (5-Pass.)			1062
Coupe-Roadster (2-Pass.)			1195
Coupe (5-Pass.)			1395
Sedan			1485

The average small manufacturer whose volume will enable him to build only 5,000 bodies from a set of dies in the same time in which Studebaker builds 50,000 has to charge each body \$20 for die cost. The difference of \$18 is in the price but not in the body. The customer pays it but he gets nothing tangible for it. It is one of the penalties of uneconomical manufacture.

Thus a car priced at \$1,200 to \$1,400 can be sold as low as \$1045 when produced economically in quantity.

ings than are used in any competitive car, within \$1,500 of its price.

We subject Studebaker cars to 30,000 inspections. That requires 1,200 men. All told over 70,000 hand and machine operations are performed in the manufacture of a Studebaker car. In so many operations, though each one is small, there is great opportunity for economy and savings. 15% premium is paid on many steels to insure Studebaker specifications instead of "commercial run" used in cars many times Studebaker price.

No finer car can be built than the Studebaker of today. Only famous foreign cars and the most costly of American cars, compare.

Why Studebaker excels the world in body building

For 72 years Studebaker has been a builder of quality vehicles.

This historical tradition has been inbred in generation after generation of coach-makers. And the Indiana city of South Bend is known as a world-Mecca of artisans of this craft.

In the modern \$10,000,000 Studebaker body plants, there are sons and fathers and grandfathers working side by side. Their religion is fire coach building. And this is reflected in their work.

As fine body builders, Studebaker stands supreme. No other maker has the experience of Studebaker. No other the Studebaker traditions to inspire him.

Such a car is the Studebaker Light-Six Touring Car, at \$1045. A clear difference of between \$155 to \$355.

The uneconomical manufacturer is not profiteering. He is unfortunately situated, that is all.

Equalled Only by Costliest Foreign and American Makes

All Studebaker models are equipped with Timken bearings. There are few cars in America, regardless of price, which equal ours on this point. In our Light-Six, for instance, we put more Timken bear-

2—What sort of bearings? Studebakers are Timken-equipped. Everlasting smoothness and quiet performance result.

3—How many cars a year does this maker produce? Small productions mean either a higher price or cheaper car.

4—What sort of upholstery? Studebaker closed models are done in Chase Mohair, the finest material for this purpose known. Open models are upholstered in genuine leather.

See a Studebaker—Then Decide

Buy no car until you've seen a Studebaker. Go over it, point for point. Consult any unbiased expert. Ask your banker. And you will own a Studebaker.

LOCAL BOY IN AUTO BUSINESS

Joseph Wentzel, Jr., of this place, is in Detroit, Michigan, where he is taking special training to enter the automobile business. Mr. Wentzel is attending the Michigan State Automobile school, in that city.

The automobile industry is in fact becoming world's greatest business. The total registration of automobiles, trucks and tractors, in actual use in the United States is now over fifteen million. Production of new automobiles in 1923 was over four million. Ninety-four per cent of these cars come from the Detroit district. Visits to these factories for inspection and study of their methods are part of the Michigan State Automobile School course.

Being in the "heart of the automobile industry," Mr. Wentzel expects to secure exceptional advantages.

Mr. Wentzel's many friends will be glad to hear that he is looking into the future and preparing himself for a place in the great automobile industry.

NEW FRATERNITY AT W. & J. COLLEGE

A banquet held in the Mt. Vernon room of the George Washington hotel, Washington, last evening, marked the advent of a new college fraternity at Washington and Jefferson. Epsilon Alpha Chi. It was organized on October 16, 1922, by five students. The present officers are: President, Edward E. Baird of Washington; vice president, Gerald E. Nord, of Bessemer; secretary, John M. Lovett, of Philadelphia; treasurer, William Howard Ryall of Salisbury.

The membership consists of Edward E. Baird, Gerald E. Nord and Robert M. Wayman, seniors; J. Ralph Anderson, John T. Brownlee, Donald M. Hartford and John M. Lovett, juniors; Howard S. Davis, Walter C. Kidney, George M. Kiehl, Leslie L. Miller, W. Wray Miller, Homer C. Porter, Fred S. Piper and William Howard Ryall, sophomores; Donald C. Guhl, Joseph L. Hoffman, and Camp C. Piper, freshmen.

The following are also members: Arthur H. Alderette, University of California; Robert M. McNab and Herbert C. McClelland, University of Pittsburgh; Gustav V. Olsen, University of Pennsylvania; and Richard H. Allen, formerly of Class of '25, W. & J.

President Baker of the college, gave the members some valuable advice and encouragement in a short talk at the banquet. Following the banquet three pledges were initiated, J. Ralph Anderson, Camp R. Piper, and Fred S. Piper. Each of the officers made appropriate talks following the initiation.

CURFEW ON AT CANONSBURG

The curfew bell is again in working order at Canonsburg, due to the efforts of Borough Electrician Jack Wilson and Councilman D. Q. Crawford and can be heard every evening at 8 o'clock sounding the warning to the youth under 16 years of age that it is time to go home. It does not apply to those who are accompanied by their parents.

Burgess Chambers states that all those young people on the streets alone after the ringing of the bell will be taken in charge by the local police. The borough has detention room and has had it occupied several times recently.

ONLY TWO MISSING ON PIRATE ROSTER

San Francisco, March 27—(United Press)—With Ray Kremer signed for the season only two Pirates, Glenn Wright, short stop and Gene Hollister, pitcher, are listed as holdouts.

The Specialty act at the Elks' Minstrels with Nell McCann and Fred Brady is a wonder. Don't fail to see it.

MAYOR MAKING BIG RECORD

Mayor H. T. Billick of Monongahela City is establishing a record for the present administration. The sum of \$1700 in fines has been turned into the city's treasury since January and so far during the present month over \$700 has been collected from offenders of the law as assessed by Mayor Billick in police court.

This is the first single month in the history of Monongahela City that the police department has been self-sustaining. Many major and minor law offenders in the city have been apprehended and hauled before Mayor Billick during the present year and in many cases the amount of the fine assessed impresses the offenders with the determination of the new city administration to enforce the laws of the city and state.

In Society's Realm

The Frances Willard class of the Methodist Episcopal church will meet Friday evening, March 28 at the home of Mrs. C. C. Wright, 124 Fallowfield avenue.

Mrs. Joseph Stech, Jr., of Lookout avenue entertained the members of the Get-to-Gether club at her home last evening. The time was spent in card-playing with two tables in play. Favors were awarded to Mrs. Matthew Elordanengo and Mrs. Felix Protin and Mrs. Harry Coates. In closing the hostess, assisted by Mrs. Edward Stech, served a dainty luncheon and the members adjourned to meet again, Wednesday April 9, at the home of Mrs. Edward Stech of Crest avenue.

The officers and guards of the W. B. A. of the Maccabees met at the home of Mrs. Herwood Spencer of Fallowfield avenue last evening. A short business session was held at which time plans were made for a social and entertainment which will be held in the Odd Fellow's Hall, Thursday, April 3. Other important matters were taken up and thoroughly discussed. At the close of the meeting a dainty luncheon was served by the hostess, after which the guests departed to meet again at the home of Mrs. Charles Phillips, April 9.

Mr. and Mrs. William Guiler entertained with a miscellaneous shower at their home in Fallowfield avenue last evening in honor of their daughter Winifred, whose marriage to Jack Feehan of North Charleroi will be an event of April 22. The affair was planned as a complete surprise to the honor guest. There were twenty guests present and the evening pleasantly spent in music and dancing with Miss Evelyn Young of Monessen and Paul High of Fallowfield avenue at the piano. Vocal selections were rendered by Miss Ruth Misses Winifred Oates, Mary Guiler and James Oates. At a late hour the guests were ushered into the dining room where a table had been set for the honored guest received very lastingly appointed. A color many appropriate gifts.

Kingsbury Got Even

K. R. Kingsbury, president of the Standard Oil company, on a recent trip to New York, was presented with a bag of onions at every important stop—the thoughtful gift of Herbert Fleischacker, the millionaire banker. Kingsbury took the onions, and kept quiet until Fleischacker had a birthday.

On arriving at his office, Fleischacker found several large cages of birds awaiting him, gifts from Kingsbury. In the morning messengers arrived with cages of white rats, mice and parrots, while at luncheon the waiter brought another cage of birds. In the afternoon rabbits arrived by the dozen. The climax came at night when a truck drove up to his home and left two water buffalo, brought from India. All gifts bore Kingsbury's card.—Los Angeles Times.

House Cat Gets A Snake From Its Retreat

The first snake story of the year from the Castle section, on the border between Washington and Greene counties, is also one of the most unique. A house cat owned by Ewing Lippincott discovered the reptile, a black snake, which apparently had been deceived by the warmth of the cat and had crawled out to bask in the sunshine only to find that wintry breezes were still sweeping over Mother Earth.

Chilled by the blasts, the black snake was unable to display its usual speed when the cat approached it. The "tabby" sensing that it had discovered something unusual, dragged it to the Lippincott home. Mrs. Lippincott welcomed the return of her pet but not its gift, which she dispatched. It measured five feet in length.

POINCARÉ NOT YET READY WITH REPLY

Paris, March 27.—(United Press).—Raymond Poincaré busied himself today with visits to friends and the chairman of various government committees preparatory to announcing his decision on whether he would resume the premiership.

On his way to the Elysee to call upon President Millerand at noon, Poincaré said: "I am not yet ready to give a definite reply. I will resume my efforts this afternoon." By those in intimate touch with the situation, it was believed that a new Poincaré cabinet would be constituted by evening.

UNIQUE CLAUSE

Philadelphia, March 27.—(United Press).—A unique clause for by-laws of a baseball league has been adopted by the Montgomery county circuit at Lansdale. This section fixes a price for every position on the team.

Another rule says that every team must have at least six home-town players this year instead of three as was the ruling last year. Home-town players are considered to be those who have lived in the borough or within a radius of one mile since January 1 of the playing year.

The eligible list of players has been increased from 18 to 20 men.
